

Gateway

- Completely free of charge **as long as** the group offers 2 or more BCS products
- Allows brokers to offer a one stop online enrollment experience to all their small group clients.
- Groups can add other carriers' products on the enrollment platform (major medical, dental, vision, life, etc). BCS will collect those elections and send the broker a file to send to the other carriers.
- Enrollment platform can be used year-round for adds/terms.
- Gateway acts as an enrollment platform for all products offered, and a benefit administration portal for BCS products.
- Gateway includes enrollment, broker, employer, and member portals
 - **Broker portal (BCS products only)**
 - Adds/terms
 - See invoices
 - See all groups
 - See commission statements
 - Benefit usage details
 - Can act as group administrator
 - Message center
 - **Employer Portal (BCS products only)**
 - Adds/terms
 - See invoices
